22 ///

1 On August 6, 2024, good cause appearing and on stipulation of the parties, the Court stayed
2 this action for ninety (90) days (until October 30, 2024) due to an ongoing criminal investigation
3 into the shooting that underlies the basis for the action. ECF No. 16.

4 On October 31, 2024, the Court granted an additional stay for 60 days because the criminal
5 investigation was still open, pending forensic reports from the California Department of Justice
6 (DOJ) and a charging decision by the El Dorado County District Attorney's Office. ECF No. 18.

7 On or about December 4, 2024, the El Dorado County Sheriff's Office received the
8 completed DOJ forensic reports. Using those reports, the El Dorado County Sheriff's Office is
9 concluding its investigation and forwarding it to the El Dorado County District Attorney's Office
10 for review and a charging decision. Until the District Attorney's Office issues a charging decision,
11 the incident remains part of an ongoing criminal investigation. Once the charging decision is
12 issued, the El Dorado County Sheriff's Office will release the incident material to Plaintiffs in this
13 case and, after review, the parties intend to meet and confer on how to proceed.

14 As of today, the El Dorado County Sheriff's Office's investigation is in the final approval
15 stage and is expected to be turned over the District Attorney's Office in the next 3-4 weeks. The
16 County will transmit the incident material to Defendant's counsel as soon as the investigation is
17 concluded, who will then transmit such to Plaintiff's counsel. Plaintiff's counsel will need
18 additional time after the material is transmitted to review it and make a decision on how/if they
19 would like to proceed with this action.

20 Accordingly, the parties hereby stipulate to and request an additional stay of this action for
21 ninety (90) days (until May 27, 2025). The parties will file a joint status report at the conclusion
22 of the stay and will re-notice hearing dates for any pending motions at that time should it be
23 necessary.
